

STATE OF OHIO NATURAL GAS PURCHASING PROGRAM

Ohio Department of Administrative Services
is proud to announce
NATURAL GAS GUARANTEED SAVINGS CONTRACTS
For Eligible Consumers!

State Program Participants have saved a total of nearly \$24 Million from Fiscal Years 2004 through current Fiscal Year. From July 2010 through April 2011, the average program savings have been 13% off applicable utility rates!!! The State of Ohio Department of Administrative Services has partnered with natural gas suppliers to provide **GUARANTEED SAVINGS** contracts on natural gas for eligible consumers in the Columbia Gas of Ohio ("COH") and Dominion East Ohio Gas ("DEO") territories.

Below is more information about how you can start saving today!

The State of Ohio Natural Gas Program: Determines what utility delivery rate code from which you would benefit most; combines your usage with that of many State facilities to increase buying power; buys natural gas in quantity for all facilities; contacts made yearly to identify your savings in the program.

Benefits: Savings on your natural gas bills; trained, skilled professionals are available to answer any questions you may have; historic savings or projected costs available; if selected, the electronic bill payment system reduces paperwork, utility late fees, and stores data to allow for usage or spending reports when you need them.

QUESTIONS AND ANSWERS

WHY IS THERE A GAS PURCHASING PROGRAM?

Deregulation allows the State to purchase natural gas in quantity. The State saves money by bidding for the best price, streamlining the payment process, and eliminating late fees on gas bills.

WHAT RESULTS CAN WE EXPECT?

From July 2010 through April 2011, the average program savings have been 13% off applicable utility rates!

ARE THERE ANY RESTRICTIONS ON JOINING?

Physical site locations must be within the utility territories of Columbia Gas of Ohio, Dominion East Ohio Gas, Duke Energy or Vectren Energy Delivery of Ohio. Natural gas accounts must be paid current with utility; any current contracts with gas suppliers must expire before joining the State's program.

IS THERE A FEE TO JOIN THE PROGRAM?

No, there is no fee to join the program. However, there is a minimal administrative fee that is paid for out of the savings. Please note that the stated savings is net of these fees.

WILL THE GAS UTILITY STILL BE INVOLVED?

The local gas utility will continue to transport the gas through its pipelines to your facility and will provide customer service in the event of an emergency.

WHAT CHANGES WILL THIS HAVE ON THE OPERATION OF MY FACILITY?

Once enrolled, you will notice the name of the State selected supplier appear on your monthly utility invoice.

WHY USE THE ELECTRONIC BILL PAYMENT SYSTEM?

The State of Ohio Department of Administrative Services quantify savings of at least \$40 per invoice which is processed via EDI versus paper processing; bills are received at a central agent where data is keyed, bills are validated and a check is issued to vendor for payment; eliminating late fees! A funding request e-mail is then sent to your accounting department to prompt an EDI or ACH/wire transfer for reimbursement of pre-payment; you will receive web access to view natural gas invoices on-line. Additionally, you will be able to easily and quickly create various usage and spending reports based on the data keyed.

I AM INTERESTED! HOW DO I ENROLL?

Fill out the attached Enrollment Inquiry Form and Memorandum of Understanding ("MOU"), included with this brochure. Please utilize the EDI MOU if you wish to process bills electronically or the Non EDI MOU if you would like to continue receiving paper invoices. Provide a complete natural gas invoice copy for each account you would like to add and a signed Blanket Exemption of Certificate. These items can be faxed to 330.761.7286 for enrollment.

Memorandum of Understanding

Customer Choice Program for EDI Customers

This Memorandum of Understanding (MOU) is between the Ohio Department of Administrative Services, General Services Division, Office of Procurement Services (“DAS”) and _____ (“Customer”).

DAS has contracted with FirstEnergy Solutions (FES) to act as the administrator of the State’s Natural Gas Purchasing Program (“Program”). DAS, through FES, agrees to:

- contract for the purchase of natural gas at the best available price for the Customer’s accounts;
- invoice the Customer for natural gas on a monthly basis.
- provide an annual report to the Customer at the end of each supply term.

The Customer will receive a funding request from FES under this program. The FES funding request will include all costs, including gas supply, delivery, and any administrative fees. The Customer agrees to:

- authorize the release of utility history information to FES, DAS or DAS selected Supplier;
- attach to this MOU the completed “Enrollment Inquiry Form”, a full invoice copy for each account to be enrolled and if tax exempt, a completed Blanket Exemption Certificate;
- process monthly payments via Electronic Data Interchange (EDI) or wire transfer to a designated lockbox address;
- provide funding by the due date or pay interest in accordance with Revised Code Section 126.30 on any unpaid portion of the funding request.

For those paying through EDI, the Customer will be billed by FES. For EDI, the Customer agrees to make payment within fifteen (15) days from the receipt of a proper invoice, or pay interest in accordance with Revised Code Section 126.30 on any unpaid portion of the bill. Both DAS and the utility reserve the right to remove a Customer from the Choice Program for late payment, at their discretion.

It is understood that enrollment is subject to the discretion of DAS and acceptance from Customer’s natural gas utility. Accounts may not be removed from the Program unless the Customer is no longer responsible for gas bills at a particular site. If the Customer wishes to remove an account from the Program, the Customer must provide thirty (30) days written notice to DAS. If an account is removed for any reason other than an account moving or closing, the natural gas utility may impose a switching fee and the supplier may impose an early termination fee.

The term of this MOU is one year. If the term of this MOU crosses the state operating biennium, it will expire at the close of the biennium. DAS may, however, renew the MOU in the new biennium by written notice to the Customer for the remainder of the one year term. This MOU will renew automatically at the end of each term, unless the Customer provides notice to terminate to DAS within thirty (30) days prior to the end of the term.

This MOU shall be in effect upon signature of both parties.

- contract for the purchase of natural gas at the best available price for the Customer’s accounts;
- provide an annual report to the Customer at the end of each supply term;

For those Customers paying through a paper-based process, the Customer will continue to be billed by the utility under this program. The customer will not receive a bill from DAS or FES. The utility bill will include all costs, including gas supply, transportation, and any administrative fees. The Customer agrees to:

- authorize the release of utility history information to FES, DAS or DAS selected natural gas Supplier;
- attach to this MOU the completed “Enrollment Inquiry Form”, a full invoice copy for each account to be enrolled and if tax exempt, a completed Blanket Exemption Certificate;
- pay utility bills by the due date listed on the bills.

It is understood that enrollment is subject to the discretion of DAS and acceptance from Customer’s natural gas utility.
