Infrastructure & Development Engineering (dba Foppe Technical Group)	TES Engineering
JDRM Engineering	THORSON BAKER & Associates
Karpinski ENGINEERING	TTL Associates
KLH Engineers	Westlake Reed Leskosky
Metro CD Engineering	X-CEL Engineering

The State Architect's Office received more than 140 submittals for the FY 2012-2013 Engineer and Surveyor Consultant List Request for Qualifications (RFQ) which was advertised in November 2010. The proposals were evaluated and scored according to the rating form advertised in the RFQ. The evaluation process narrowed the submissions to the list 28 firms above who were selected to do presentations.

These firms have been invited to present their qualifications in person to a committee of SAO staff members and state agency representatives. While any firm submitting a proposal is eligible for a contract, the firms which have been invited to do presentations achieve a specific position in the professional design services selection in which SAO may expedite the contracting process by seeking a fee proposal from one of those firms.

Any of the remaining firms will be required to submit a technical proposal and will be evaluated against two other eligible firms at the time of a specific assignment. Therefore, firms who submitted but were not chosen to make a presentation will still be eligible for consultant contracts during the two year period beginning July 1, 2011.

We will accommodate requests to review public records after the presentation process has been completed. You may contact Christina Ringley on or after June 1<sup>st</sup> at [StateArchOff@das.state.oh.us](mailto:StateArchOff@das.state.oh.us) to make specific inquiries.
