

# YOUR COMMUTE TO WORK COULD BE BETTER!

## Share the ride - share the cost, carpool!

If you have reliable transportation, register to carpool; you'll save money while helping a co-worker - you might even save their job! Already carpooling? Register your carpool with RideSolutions.

## Need a ride? We'll help you carpool!

Give us some basic information, we'll send you a free match list of commuters; you can make arrangements that suit everyone.

## Vanpooling makes sense for long commutes:

Contact us for the latest vanpool empty seat list, you could ride in comfort while saving money (state employees can pay pre-tax). With enough interest we can form a vanpool from your neighborhood - tell us where you live!

## You won't be stranded...

Do you carpool, bike, or take the bus to work? Register for our Guaranteed Ride Home (GRH) service; if you have an emergency while at work GRH reimburses 90% of your taxi fare home. Register today, it's free.
