

Power User of the Month: Linda Carson

My name is Linda J. Carson and I work for the Ohio Department of Public Safety (DPS), State Highway Patrol in the Office of Personnel as a Program Administrator 2. I have worked for Public Safety for 26 years.

I learned about Learn It Ohio through the DPS Workforce Planning and Development Section and the DAS Learning and Professional Development training program. DPS offers a variety of training courses to their employees. Learn It Ohio is an added bonus with access 365/24/7.

I've found the online learning portal to be a great tool to use to enhance and refresh my business, technical and leadership skills, which benefits professional and personal development. The program also promotes teamwork, goal setting and missions which are important components agency-wide. The courses, Skillbriefs and job aids have been very helpful to me in performing my daily administrative tasks.

I recommend Learn It Ohio to everyone who wants to advance in knowledge and in their career. The program is very user friendly and easy to navigate. The variety of courses and online book resources will prepare and help with reaching your goals and future success.
