For help signing into HCM or OAKS Self Service and for help using ePay and eBenefits, check the [OAKS Support Kit](#).

Welcome to OAKS HCM Self Service

The Ohio Administrative Knowledge System (OAKS) Human Capital Management (HCM) is used by State of Ohio employees to manage Payroll, Base Benefits, Time and Labor, Self Service and Enterprise Performance Management (EPM) for HCM modules.

The OAKS Human Capital Management (HCM) self-service module is designed to allow State of Ohio employees to safely and securely manage certain portions of their personal information. Employees are able to view and print payroll and compensation information, including their leave balances. This module also allows employees to view and update their benefits records, including life events and open enrollment. With Employee Self-Service, employees can access their information anywhere.

Please keep in mind: During payroll processing Friday (non-payday Fridays) the Payroll and Time and Labor system will be down for processing. The system will be available at 3am Mondays.

If you have questions or concerns contact:
Your agency Human Resources Office regarding:

- Payroll
- Benefits
- Human Resources
- Employee Self Service (e.g., eBenefits, ePay, Time and Labor)

Contact the DAS HCM Customer Service Unit if you need further assistance.
